November 22, 2017

Dear Congressman Walz,

On behalf of the Associated General Contractors of Minnesota and our over 400 member firms, I am writing to urge your support for H.R. 3905, the “Minnesota’s Economic Rights (MINER) in the Superior National Forest Act,” bipartisan legislation sponsored by Cong. Tom Emmer (MN-6th) and cosponsored by Cong. Collin Peterson (MN-7th), Cong. Jason Lewis (MN-2nd) and Cong. Paul Gosar (AZ-4th). H.R. 3905 is currently on the agenda of the House Rules Committee, on a path for House floor action in the coming weeks.

In 1950, Congress took action to make land available for mineral exploration and development within the Superior National Forest (SNF) within the Iron Range region in Northeast Minnesota. In 1978, Congress prohibited mining within the region’s Boundary Waters Canoe Area Wilderness (BWCAW) and an adjacent protective buffer zone, while reaffirming that mining should be allowed and promoted in the remaining area of the SNF.

H.R. 3905 aims to correct the injustices being thrust upon the Iron Range by requiring congressional approval of any mineral withdrawal or monument designation involving the National Forest System lands in the State of Minnesota, as well as providing for the renewal of certain mineral leases and ensuring future leases in the area remain valid and renewed as outlined by current law. Moreover, H.R. 3905 changes no environmental review processes, relaxes no environmental standards, and specifically restates Congress’ prohibition on any mining activity in the BWCAW and surrounding protective buffer.

H.R. 3905 would reaffirm long-standing Congressional intent in the management and development of critical minerals in Minnesota, eliminate bureaucratic delays in developing environmentally-responsible mine projects proposals, and restore the promise of future job growth and economic opportunity to an economically distressed region of the state.

We strongly urge your vote in support of H.R 3905. Thank you for your support of mining in Minnesota and the thousands of good paying jobs that are sustained through safe and effective management of these natural resources.

Sincerely,

Tim Worke
CEO
