Representative Paul Gosar
2057 Rayburn HOB
Washington, DC 20515

Dear Representative Paul Gosar:

The New Mexico Federal Lands Council is pleased to join countless groups across the nation in supporting your legislative package addressing the Endangered Species Act. The nation, particularly in the West, is in dire need of relief from the unintended consequences of the application of the Act.

We greatly appreciate you, your staff and your work.

Sincerely,

A handwritten signature in black ink, appearing to read "Don L. (Bebo) Lee". The signature is fluid and cursive, with the first name "Don" being particularly prominent.
